Greetings,

It was a great honor to receive the 2003 Earth Day Award presented to me on behalf of my company last Wednesday for environmental improvement at our Turquoise Stone Quarry in Box Elder County. Most important, this will reinforce the commitment my company has made toward excellence in our business operations and let all of the employees, contractors and associates in our small company know that their efforts and commitment is recognized.

We are looking forward to a long and mutually beneficial relationship with Utah Oil, Gas and Mining.

Sincerely,

Gary Mullard
